

Dear Prospective Volunteer:

Thank you for your interest in volunteering for Haven House! We rely on our volunteers for a variety of tasks that help us better serve our clients—women and children who have experienced violence in their homes and are working to gain the knowledge, skills, and resources to move on to safe, healthy lives.

Attached are summaries of various types of volunteer activities available. I hope you will find some interesting possibilities.

Please note that various laws, our funders, and the serious and confidential nature of our work dictate careful screening and training of our volunteers who will have client contact. Therefore, “requirements” are shown for each type of volunteer work. I realize that these may seem involved as listed, but with our help, the process will be easy and quick.

Please review this information and either submit the attached Volunteer Application or contact Gina Scull at 505-404-9365 ext.111 to speak more in depth about any options you might wish to explore or answer any questions you may have.

We look forward to hearing from you.

Very truly yours,

Estella Weitz
Executive Director
